

As a resident of Mesa, AZ I listen to K-LOVE Radio every day. It is the ONLY station I tune in to and there would be a definite void in my life without K-LOVE coming into my home, car and work place. The effect on this community if K-LOVE were to be displaced by an LPFM broadcaster providing other programming, would be crushing to myself and all my friends and family. Also to our large community Church, Word of Grace, whose members depend upon K-LOVE to deliver positive entertainment and encouraging messages helping us to remain upstanding citizens. Not only our Church but thousands through-out Arizona and the nation welcome and depend on K-LOVE to get them through their days. Those reasons cause me to believe that the service provided by K-LOVE is in the greatest public interest. It serves hundreds of thousands of listeners with wholesome values and family-oriented programming. I know that K-LOVE has a positive impact in this community and around the listening area of the United States
